Location: 12100 Palmdale Rd #B3, Adelanto, CA 92301

Meeting started: 5:30 p.m.

Welcome/Introductions: Ken (Principal) opens up with the welcome. We sincerely appreciate your attendance for being here today. We will get started shortly, we will be going over what ELAC is, LCAP update, and school events.

How EL reclassification happens

Overall score of 4 on ELPAC

850 Lexile or higher on NWEA Reading

5 English credits with a C or better on each credit

- English Language Proficiency Assessments for California (ELPAC) -
- •It is a test used to determine the English language proficiency of students whose primary language is not English.
- •The test measures how students are progressing with English language development in reading, writing, speaking & listening

ELPAC Importance -

- Gives information on how teachers can provide support in listening, speaking, reading, and writing.
- Helps determine if a student is ready to be reclassified.
- AVI's Reclassification is at 6%
- Reclassification opportunities happen 4 times per year

How Parents Can Help Their Children Reclassify

- •Plan a schedule time for your child to complete their learning modules.
- Have students attend school twice a week or more.
- Encourage your child to attend SGI classes offered at the school site.
- Ensure that your child completes the NWEA as scheduled by the school site.

LCAP draft overview: Colin Opseth

- a. Grant updated
- b. LCAP: Every school has struggles and in the LCAP is where we address our struggles. LCAP Updates/ School Dashboard: LCAP is a 150 page report to talk about how to support our students. The first page is the budget overview for parents. Alta Vista Innovation High is growing, and every year for 4 years our budget continues to grow. In the LCAP we have to talk about how we are going to spend the money. We have dual enrollment as an example. The budget overview for parents is really cool, because it shares what we are doing for your students. Alta Vista Innovation High School has about 52 million dollars in our budget with 13.5 million dollars was carved out for LCAP use.
 - i. Focus on community partners, increase graduation and make sub goals in order to make sure we improve in our school.
 - ii. Talks about how much money we spend, how much money we spend on technology and other services we provide.

we can give you a copy, which is also found on the student website. Our enrollment is going up, the expulsion rate is down. Our parents are super happy with how our school is doing.

School wide events:

Graduations are coming High Desert Graduation will be May 15, 2025 at High Desert Church in Victorville
